Customer Reviews

This is very nice thriller, not so heavy, not so much intricate, but enjoyable. I recommend this book.

This was fairly interesting but predictable. Better grammar, spelling and editing might have helped.

Pitiful. Wish I could give No Star!

Not what I expected

These books are placed in the legal thriller genre and they are that but so much more. They are stories of guilt, redemption, questions about the path the protagonist is taking and what personal price he pays for it. While Max Harrison defends the guilty it is to protect the truly innocent charged with crime. He knows that doing his best will result in the truly guilty being free. He is a defender of the system of justice and while he is sometimes not likable most of the time he is admirable.

I highly recommend this book to anyone who likes this genre it's believable and will keep you wondering how the lead character is going to get out of the fix that he finds himself and it will keep you thinking about who the real killer is. Stevenmurray397@yahoo.com

This book is a quick read. But you don't want to put a good read down. This will keep you wondering how are things going to get so mixed up with the lawyer and the mafia. How will he protect his family.

All the ingredients of a good tale are here: historical beginning, plausible and competent trial strategy, and fateful conclusion. Satisfying.
