Haelo Hunted (The Candeon Heirs Book 2)

Synopsis

She's been in hiding her whole life. But this is the first time she's felt hunted. Haelo Marley has always known she was different. She's practically a mermaid. But finding out that she is a candeon princess and the key to the future of her race has turned her life upside down and backwards. In book two of the epic Candeon Heirs series, Haelo crosses the globe in search of her father, certain that he and the Makole fire people of Hawai'i can help identify the traitor in the palace maybe even reveal a loophole in her seemingly decided fate to marry a man she doesn't love. But the Makole's mysterious answers only blur the lines of who she should trust. Time is running out. The traitor is helping a power-hungry usurper scour the oceans for her, and Haelo can only hope that honing her candeon-born abilities and learning more about the enemy will be enough to prepare her for the battles she'll have to fight. Can she be true to herself and to her people at the same time? Or will fate require a sacrifice greater than she can bear? This book is part of a series meant to be read in order.
