# Blood Hunter (The Vampire's Mage Series Book 3)

## Synopsis

With both her best friend and sister safe, Rosalind has nearly everything she wants. The three of them dream of a simple life together--a cozy little house in the woods. If nothing else, it would take Rosalind far away from the gorgeous incubus Caine and the conflicted feelings he inspires. But when Rosalind's psychopathic cousin Drew invades the vampire kingdom, the slaughter begins. He punishes Rosalind in the worst way possible. Now under siege, Rosalind's old plans are in shambles. But she is out for vengeance with a new strategy, one she must keep a secret from Caine. Turns out, Rosalind has powerful magic of her own. As Rosalind develops her terrifying powers, she must control her darkest impulses. Because if she can't, the world will fall under the nightmarish control of her cousin's dark army.

## Customer Reviews

I really enjoyed the first two books, but now in book three, things are starting to drag a bit. I'm tired of reading over and over how much Rosalind wants to bang Caine, but continues to resist. It's getting old. Other than that, it's not bad, but not as good as the first two. I'll keep hoping it will pick

up again soon.

This series is really good and draws you into the story. I liked how the writers put their own touch to the story and your love for each character grows the longer you read. Rosalind is a very strong woman with a lot of harsh things happening in this book. As her power grows, she still has her humanity with her which keeps her related to the reader.

Great way to get away from reality. I enjoy the characters and the fun twists in the stories plus finding out the hidden secrets.

Not a bad read to relax to while sitting in the back yard on this nice summer day. That's about it.

There are just too many things that the editor should caught. It also seems to fall into the romance category this time.

This is the best book in this series so far. Great action and an emotional rollercoaster. Looking forward to the next book

Really liked this book. It was interesting and I am going to read the next one also. Just can't understand all the secrets.

I could not put the book down. I read the whole series. Couldn't wait to see what happened next.
