map did not go into the detail I was looking for.

Gotta have this, better help than maps provided at bvi.

Great little guide this detailing what you can get where, invaluable if you are bareboating, would highly recommend The Cruising Guide to the Virgin Islands by Nancy and Simon Scott to go with it. You will defo then have everything you'll need.....+ a chart!

This is NOT the complete Virgin Islands. I am sailing from Tortola to St. John, but St. Croix is not on the map, and as far as most of the Caribbean knows, St. Croix IS part of the Virgin Islands. It

looks like a nice map for mainly BVI's

Not as detailed as larger scale Imray-Iolaire charts but full of good info re approaches, provisioning, way points, snorkel/dive spots etc. Very helpful from this aspect. Will refer to it often. Capt. Paul

Great map for the BVI. I actually took mine to Staples to have it laminated and it works great for planning our navigation for the trip.

Good overview map. I wish all of Saint Thomas was pictured though.

The maps and suggested itineraries were great. The way points will come in handy for the trip.
