Middle-school pranksters will rub their hands together with glee over this wonderfully revolting how-to-book of fake bodily fluids and more. •Kirkus Reviews With its sassy text, goofy cartoons,

and enticing color grossout photos, this is a must-have that's bound to be returned with the sticky evidence of success. Multiple copies would be a wise investment.â

This is absolutely fun and gross and your kids will be sure to love experimenting with each 'recipe.' I am especially looking forward to Halloween this year and will definitely make the edible doo-dos for the kids. I can't think of a book better suited for this time of year - except spring for April Fool's Day. Each project is kid tested, safe and fun. The ingredients are handy and easily found at the grocery store. Everyone can do this! Make fake blood, fake vomit, fake cuts and scrapes, fake scars, fake rotting skin and tons more - you will be amazed. Utterly cool!
