

Twenty Five Ways To Fly Better Volume 1

DOWNLOAD EBOOK

Synopsis

Twenty Five Ways to Fly Better Volume 1 is packed with the latest techniques and thinking from some of the world's best pilots and instructors. With former Paragliding World Champion Bruce Goldsmith at the helm, the book draws on advice and knowledge from across the world of free flight. It includes:

- Hundreds of tips to help you fly better
- Practical advice on how to thermal quickly and efficiently
- Skills and tactics from experts to help you fly cross country
- In-depth advice on flying flatlands and mountains
- Advice on staying safe while flying near clouds and terrain
- Real life explanations of how clouds and thermals work
- Simple explanations for flying in wind, convergence and thermals
- Advice on flying your first competition

Packed with clear and simple illustrations. Essential reading for all paraglider and hang glider pilots.

Customer Reviews

As a P3 pilot the collection of authors contributing to Bruce Goldsmith's book prepares me for the next step of bigger and better cross country flying.

This book is very informative but the best thing for me is that i feel more inspired and motivated to learn more and fly more with hopes of becoming a good xc pilot

Loved every word. From xc to comps to its all in there. Can't wait to get started on volume 2.

I have completed 20 flight most of them short and this has really helped me to get a full overview of the sport.

Great set of articles, covering many aspects of xc flying.

My husband and I both enjoyed this book. He is an advanced pilot and I am a novice. Great insight for both of us.

quite good

Awesome
