Family Maps Of Guernsey County, Ohio

Synopsis

236 pages with 68 total maps Locating original landowners in maps has never been an easy task-until now. This volume in the Family Maps series contains newly created maps of original landowners (patent maps) in what is now Guernsey County, Ohio, gleaned from the indexes of the U.S. Bureau of Land Management. But it offers much more than that. For each township in the county, there are two additional maps accompanying the patent map: a road map and a map showing waterways, railroads, and both modern and many historical city-centers and cemeteries. Included are indexes to help you locate what you are looking for, whether you know a person's name, a last name, a place-name, or a cemetery. The combination of maps and indexes are designed to aid researchers of American history or genealogy to explore frontier neighborhoods, examine family migrations, locate hard-to-find cemeteries and towns, as well as locate land based on legal descriptions found in old documents or deeds. The patent-maps are essentially plat maps but instead of depicting owners for a particular year, these maps show original landowners, no matter when the transfer from the federal government was completed. Dates of patents typically begin near the time of statehood and run into the early 1900s. What's Mapped in this book (that you'll not likely find elsewhere) . . . 2009 Parcels of Land (with original landowner names and patent-dates labeled in the relevant map) 91 Cemeteries plus . . . Roads, and existing Rivers, Creeks, Streams, Railroads, and Small-towns (including some historical), etc. What YEARS are these maps for? Here are the counts for parcels of land mapped, by the decade in which the corresponding land patents were issued: Decade Parcel-count 1800s 149 1810s 18 1820s 415 1830s 1119 1840s 287 1850s 4 1900s 4 1920s 3 1950s 3 1960s 5 1970s 2 What Cities and Towns are in Guernsey County, Ohio (and in this book)? Customer Reviews

Purchased this book with high expectations, as I recently traced two family lines back 200 years in this county. Having already done work on locating early patents (actually saw THE original for one party, now in the papers of the current property owner), and property locations in gazetteers & atlases, I looked forward to some similar maps or reproductions, along with expanded information on other families. Have personally visited this county and explored back roads numerous times. Alas, the ancestor I had personally documented - complete with digitized patent - was nowhere to be found. I wrote the publishers, who said the government site had not yet posted the type of patent they purchased, though the sale & first tax record is dated 1819. Assuming they answered my query accurately, I would recommend that they complete the early patent survey and provide amended information with the book - even as an insert of some kind.

Incomplete entries disappointing but access to author's site for update data good but for a fee.

Brand new copy that arrived very fast.

"Family Maps of Guernsey County, Ohio Deluxe Edition" was top quality from design through material construction. The spiral binding is very functional and durable.
