Customer Reviews

Book by John Zilly

I love this book, has great ride summaries, maps, and mileage charts. The book also has space for notes on each ride.

Good book if you are looking for local trail information in the Seattle area. I am new to the area so this book was perfect.

I have had this book for about 3 weeks now. I have gone on 3 rides in the book. So far instructions have been clear. Lots of choices for trails, I'm looking forward to doing some new ones from the book.

This is a great start to get to know the area, or if your planning a trip to the area. Something for all the family and a broad spectrum of things to do and miles to cover.

I just returned from a trip to Seattle and hoped this book would be useful in finding some nice mountain bike trails. I feel that the book was too full of 1 to 5 mile "rides". I get the impression Mr.

Zilly felt like he had to pad the book by filling it with these extremely short rides. I also bought the Puget Sound mountain bike guide by Santo Crisuolo and was happy to see it filled with more rides in the 15-30+ mile range. Santo's book also had better maps.
