Ricky Ricotta's Mighty Robot Vs. The Jurassic Jackrabbits From Jupiter (Book 5)

Synopsis

From Dav Pilkey, creator of Captain Underpants, and acclaimed artist Dan Santat, an out-of-this-world friendship adventure with all-new full-color illustrations! Hooray! Today is Ricky Ricotta's birthday, and it is going to be the BEST day ever! As a special treat, Ricky's family is going to the museum to see dinosaurs. But when they get there, an evil space-bunny named General Jackrabbit is creating Jurassic Jackrabbits that will help him take over Earth. Can Ricky and his Mighty Robot beat the big, bad bunnies? Or will this end up being the WORST birthday ever? Originally published in 2002, this edition features brand-new full-color illustrations and mini-comics throughout!

Customer Reviews

Praise for the RICKY RICOTTA'S MIGHTY ROBOT series (original editions, published 2000-2005)"An adventure story with great appeal . . . With barely more text than a long easy-reader, this title will be a heaven-sent choice for kids with reading difficulties." --SCHOOL LIBRARY JOURNAL"It's easy to see how Pilkey's high-action, easy-reading chapter novel with a comic book feel would appeal to younger readers. . . . Silly good fun." --KIRKUS

Dav Pilkey has written and illustrated numerous popular, award-winning books for children, including the Captain Underpants and Dumb Bunnies series; DOG BREATH, winner of the California Young Reader Medal; and THE PAPERBOY, a Caldecott Honor Book. He lives with his wife in the Pacific Northwest. Visit him online at www.pilkey.com. Dan Santat wrote and illustrated the graphic novel SIDEKICKS, and has also illustrated many acclaimed picture books, including the New York Times bestseller BECAUSE I'M YOUR DAD by Ahmet Zappa. He lives in Alhambra, California, with his family. Please visit his website at www.dantat.com.

These books are on the shorter side, but the Ricky Ricotta series is one of a very few series of books my 7 year old, who was a stubborn reader, would actually pick up and read on his own. He loves to read these books to me and tell me all about Ricky Ricotta's latest adventures. I credit these books with encouraging my son's newfound love of reading by making reading fun for him with stories that entertain him - and the few flip book style pages that seem to be incorporated into each book.

This series has been PERFECT for our third-grader. He's a struggling reader and is easily overwhelmed and I love how there aren't that many words on each page, yet it is clearly a chapter book. It allows him to push without overwhelming him. And its robots - what kid doesn't love giant robots? This is definitely a winner for us! As a note, our first grader, who is a good reader, can also read this, so it just depends on level of reader.

Ricky Ricotta's Might Robot is an awesome early chapter book series. My son who started reading this easily at 6, found them fun to read. He loves the series and ability to go through chapters. With the series you follow a mouse - Ricky, who makes friends with a giant robot. They together stop the evil bad guys from the other planets. Too bad we didn't have more planets, or I'm sure there would be more books in the series. Overall, it's a great book, and I have even enjoyed the stories as my son has read them to me. Additionally, the coloring and artwork on these newer color books are a total step up from the original black and white versions. Trust me, if you have a little boy who likes to read, this would be a fun book for him.

This is my eight year old son's all-time favorite book and series. It's great for a slow reader because it has only a few sentences per page but is a chapter book and it has great pictures and fun text. He

loves the flipperama aspect which is like a moving cartoon. We have read it together many many times and enjoy it every time. Is definitely helping his reading skills and his love of reading.

Our 4 yo really loves reading this series and has read it several times and even brought it to school to share and trade with class mates. Any book that makes our kids read on their own is worth the price of admission. The story is silly and immature but that's what kids love. My son has read the entire series already.

Good read for 2nd grade. Very cute story. Pretty simple idea.

We love this whole series. I read them to my 6 year old.

My son adores these books! He reads them over and over!
