# State Of The Art 2063 (Shadowrun)

## Synopsis

Nothing to Fear if You've Got the Gear In this day and age, things change so fast that the centrifugal force of progress will shear your head right off. Shadowrunners like us need to keep up with the latest developments. When you run a B&E, you need to know what nasty new security feature might try to cut you in two as much as you need to know which nova new magic formula is worth snatching. It's the state of the art, chummer-it'll make you cred or get you dead." State of the Art: 2063 covers groundbreaking developments in the year 2063. It details the current state of genetics technology and corporate security, and describes advances in metamagic and mercenary operations. It also provides briefs on the latest trends in mainstream culture, sports and entertainment, with an eye towards shadowrunning opportunities. These sections include a selection of new gear, vehicles, techniques and rules for both players and gamemasters. For use with Shadowrun, Third Edition.

Best Sellers Rank: #2,214,438 in Books (See Top 100 in Books) #99 inÂ Books > Science Fiction & Fantasy > Gaming > Battletech #103 inÂ Books > Science Fiction & Fantasy > Gaming > Shadowrun

## Customer Reviews

I enjoyed this book, it added interesting social and rules twists for new magic techniques. The gene-tech was so-so, but did inspire a number of potential new Shadowrun plot hooks. The new military vehicles for mercenaries were much needed. The other sections were nice as well. If you're a Shadowrun fan who isn't entirely sold on 4th edition, you should get this book while it is available.
