Customer Reviews

New

Wonderful book which provides a wealth of first-hand experience from two individuals. Everyone should read this to understand the stories of racial discrimination. It is a nice feature to talk about what can be done to make future progress - the ideas are very practical. While this book was written 20 years ago, the concepts still apply today.

This is a great read! And reveals one of our modern day heroes in the USA. John Perkins has carried on the biblical roots of the Civil Rights movement. This book shows the power of the Gospel of Jesus Christ when a black civil rights leader and a KKK member can end up working together.

A good telling of a difficult story. It was open and honest, and a uniquely American story. Well worth the time reading it.

This is easily one of the most powerful books I've ever read; very eye opening. I almost couldn't put it down.

Really good story telling!
