Great, smart and interesting read. All sorts of surprises. Biggest surprise of all- said 1-3 weeks in good condition, but I got it brand new in 2 days!

This text was new and HALF as much as what my school charges for a used copy. I am very happy with this order. The book was also shipped quickly. I definitely recommend!

Thank you:)

Liberal garbage.

I had to get this book for a class. My teacher for that class is an extreme feminist and I don't have much value for her choice of books we were required to buy. Without that bias, however, the book isn't bad but it isn't great either. I didn't really learn anything new from reading it. Those who buy it will probably do so for classroom requirements. It is what it is.
