I absolutely love this cookbook! I own many cookbooks but none of them are as enjoyable as this one. The desserts that were chosen for the book happen to be really delicious. The directions are very clear and the recipes are very easy to prepare. There are wonderful baking tips included as well which make it a perfect go to cookbook. Once you see all the fabulous dessert photos, you're going to want to make everything in the book. I highly recommend purchasing Something Sweet!

Something Sweet is way more than just sweet -- it's also beautiful, smart, practical and tackles the fear of baking that people have head on by providing the reader/baker with excellent explanations, tips and variations throughout the book. The recipes are delicious and easy to relatively easy: with a photo of each and every recipe so one can see each finished product. I bought 2 as gifts and reordered an extra for myself -- it's the perfect holiday gift for Sukkot, Thanksgiving, Chanukah, Purim and Shavuot -- birthdays, Mother's Day, etc. Kids will love this book too and b/c of Miriam's capable and simplistic instructions, it's a great gift for them as well. Don't hesitate to purchase Something Sweet -- the price is small relative to what one gets in return -- gorgeous and delectable desserts!

Love this cookbook. I don't buy too many cookbooks at this point as I have no more room for them so I have to be pretty tempted to go for it. I have been following Miriam for a while and her baked goods always look amazing. I HAD to have her book! It's amazing. I want to make so many of the recipes. I started with the chocolate chocolate chip cookies. They were so easy and came out perfectly. And we're DELICIOUS!

I am NOT a baker by any stretch of the imagination. Baking generally intimidates me and I used to only bake from store bought mixes. I have followed Miriam for a while on her blog Overtime Cook and when I heard she was coming out with a cookbook, I was very excited. Although hesitant, I decided to go for it and pre-ordered the cookbook along with a Bundt pan. In the few days since

receiving the book I have made fruity pebble cookies, fudgy brownies, and pretzel cookies, all of which have been huge hits! Best of all (& perhaps most surprising to me) is that the finished product I made ACTUALLY looks like the picture I see in the book! All recipes have a beautiful picture. I want to make everything! Would make an excellent hostess gift, or treat yourself! Highly recommend!

I bought this cookbook after following the author's blog on Facebook! I bake every Friday in prep for Shabbat. I had been in a rut with making my "old reliable" Mandelbrot- which my family and I all love. But once in awhile, we need a change. And this cookbook gives me the opportunity to try new recipes! LOVE it! The photos of the desserts are AWESOME! As are the tips for freezing the baked goods for future use! I love this cookbook!!

Besides being clear, concise, and easy to follow the end result is delicious and beatuiful. I have made several things from her book, and it has allowed me to start baking with my daughters which causes immense happiness. So happy we got this cookbook!

I waited so patiently for this cookbook to come out and it did not disappoint me. The recipes are easy enough that my teenage daughter (who only just started baking) was able to make them, and they come out delicious! The color pictures accompanying each recipe are beautiful and enhance the pages of the book, and the recipes are clear and easy to follow. This is a must-have addition for anyone who enjoys baking.

This is the first cookbook that I got and wanted to try every single recipe. Normally I'd flip through a book, bookmark what I wanted to make, and stick to the same 5 recipes. Not this one. This will definitely be a family favorite book. My 9 year old told me he just can't decide what to bake first. This book is an absolute must for the baker in you. Recipes are super easy to follow, and there are tips and variations on every one.
