Customer Reviews

"Even if you haven't traveled internationally or been to a wide range of places, kids can still use the map and facts as inspiration (perhaps paired with The Cities Book or The Travel Book) so make a 'bucket list' of places they'd like to visit someday." (GeekDad)

This product is terrible. The stickers don't stick and the US map portion is terrible - not drawn to scale and the states are not marked off individually.

Perfect for a family who travel or who are planning travel to include their kids in the planning and dreaming
