Ancient Book Of Jubilees

Synopsis

Almost lost over the centuries, the Book of Jubilees was retrieved from the Ethiopic language, translated into English by R. H. Charles, and was recently found among the Dead Sea Scrolls. The Book of Jubilees is also called the Little Genesis, Book of Divisions, and the Apocalypse of Moses. It repeats the events of Genesis and Exodus from Creation to the Exodus of the Children of Israel from Egypt. It recounts the events in sets of jubilees (sets of 49 years) and gives additional details such as the fall of the angels, and the creation and destruction of the Nephilim. It also mentions the three classes of pre-flood Nephilim. It details the fact that one-tenth of their disembodied spirits would remain on earth as demons to tempt people and nine-tenths would be chained until the Tribulation Period. Learn what secrets this Dead Sea Scroll holds. Compare the mysterious Qumran calendar with that of the Bible to learn more about biblical prophecies. The commentary is written from a fundamentalist Christian perspective. Brought to you by Biblefacts Ministries, biblefacts.org

Ken Johnson was born in 1965 and became a Christian at the age of 12. He quickly realized there were differences in doctrine in various denominations and sought out to prove to himself the correct interpretation of these issues that divide Christians. After an intensive study of the first century church he sought to bring back the teaching of the disciples of the 12 apostles. He has authored numerous books and made ancient Jewish scrolls available to the English speaking world.

Item arrived securely wrapped before ETA in very good condition. I enjoy the information contained in this book which is definitely part of Scripture. A shame to those who removed it from the Bible.

This is an excellent addition to anyone's Bible study library. These "extra-biblical" (or non-canon) books give very much added information to what the writers of the Bible read in their day and were thinking when the Holy Spirit inspired them to write the books we have in our Bibles. The Bible writers read these books. That is why when you read Enoch, Jubilees, Jasher, Gad the Seer, etc. you see in your Bible "themes" and "thoughts" and "concepts" that the Bible writers were acquainted with.

these books fill in the blanks when you have questions on why things were the way they were, it really helps reading, Enoch, the Book of Jubilees and Jasher

Anyone interested about the truth, and their true identity should read it

As always, I love reading the other Books of the Bible and am glad I bought this. My next purchase will be the Book of Jasher.

This comes from history and not the Bible. It is very interesting and informative.

very interesting on some of the writings in these older books (ancient books) as we try to piece together what might have happened, outside of inspired writings.

Interesting, particularly the brief discussion of ancient giants as well as providing the reason God ordered the Israelites to exterminate the Canaanites.
