Camille's Mermaid Tale (Wellie Wishers)

Synopsis

Camille loves the ocean, the warm sand, the pretty shells, and the sparkling waves that tickle her toes. Sometimes she even imagines that she's a mermaid with whales and dolphins for friends! Customer Reviews

My daughter loves these books. She is in 4th grade and is a struggling reader. So often times books that would interest her are too difficult to read and books that are at her reading level are too immature. The Wellie Wishers books by American Girl are just perfect. They are interesting enough for my 9 year old while not too challenging. The chapters are manageable and give her a great feeling of accomplishment. They've actually done wonders for her confidence. The illustrations are also really nice. I would definitely recommend these books.

This book was great. My 4-year-olds loves me to read them to her. I love that there are colored illustrations on every page. High-quality paper....they are beautiful books.

This book is adorable! My daughter got Camille for Christmas and I was so excited that a book was out by Easter! We started off my reading one chapter per night, but by the second night I was hooked and finished the book. Exciting adventures and great lesson for young kids to learn!

My six year old loves all the books we've gotten so far! The illustrations are beautiful and the writing is manageable for her but still enjoyable for my 9 year old niece. Great job! We're eagerly awaiting more!

My 8 year old daughter absolutely loves these books. I've bought 4 so far and she has read through each one quickly.

Super cute series, celebrates the ups and downs of girl friendships. The pages are thick, glossy, and have much eye appeal for more reluctant readers.

Great for my 6 year old. Perfect amount of words to keep her going when she really doesn't want to read.

Just finished yesterday. Easy to read with a good story line for children.
