Synopsis

Getting a baby to sleep through the night is the dream of every parent, but unsettled, broken nights are more often the reality. Elizabeth Sloane has been giving babies aged six months and over the gift of sleep for over 20 years. With a three-night program designed to lovingly correct any unhealthy sleep habits your child may have developed, Elizabeth's methods have helped break the cycles of sleeplessness, emotional exhaustion and frustration for thousands of babies and their parents, giving them a truly life-changing experience - and proven to work in just three nights. Her program offers a calm, committed and consistent approach to sleep training for all families in need of the Gift of Sleep. This book contains a step-by-step guide to the Gift of Sleep program, plus modified programs tailored for different age groups, worksheets, meal guides, case studies and FAQs - in short, everything you need to get your baby to learn to self-settle and sleep all night, every night.
