True Breeze (Trawler Trash Book 7)

Synopsis

It began simply enough. Breezeâ€™s old friend knew right where the gold was. All he had to do was pick it up. He enlisted Holly for her diving skills. The mission would only take a day. Thatâ€™s not how it turned out. First, it was the shark. Then it was the curious golden idols. Then it was the ex-con treasure hunter. Hollyâ€™s patience wears thin as Breeze drags her deeper and deeper into turmoil. Can their tenuous relationship survive? Can Breeze turn the mission around? Will he live long enough to make them all rich? Follow Leap of Faith and Another Adventure from the west coast of Florida to the Keys, and Costa Rica. Watch the deal go down in a seedy section of Miami. One hard man will leave with millions.

Hands down, the best of all seven and I have read them all. A very pleasant surprise! Live on a boat?.....been there, done that once before and makes me wanna do it again. But, my boat living days were never anywhere as interesting as Ed's, if he can come up with stories like this!Great goin', Ed!May all you days have fair winds and following seas!

If you have been following along with Breeze, this book will not disappoint. There is plenty of action, Breeze is who he is and lives his life on his own terms. Just like we all should. The FBI, the gold, the adventure...this might be the best yet!

Loved this book, read all the other Breeze books and they are a continuing comedy drama series. The trouble that finds him and his women are fun to read. Light reading, not heavy drama, a fun read and can't wait for the next one.

This book was actually better than the others, all of which I read and enjoyed. Always on the lookout for the next adventure, especially when he brings it into the Caribbean arena. Living about an hour and a half from Luperon I'm watching for a Leap of Faith.

It's an interesting read. However, it's a long long story and we're just through 7. Still have to wait. When all is said and done, nothing changed in this book. Life ending it is much the same as it was at the start of the book. Nothing is really evolving. So, it's a story here and there, additional characters come and go, but life for the main characters doesn't change.

Yes indeed, trawler trash books just keep getting better. I really enjoyed Breeze's exploits as he and his on again - off again partner, Holly, dive their way to a new pot of gold. Sorry to hear about the author's broken rib, but it should be stated that while it slowed his writing down, it did not affect the quality of his story telling. More please!

Ed Robinson pens yet another huge winner! Breeze is in for another adventure and you gotta be there so grab a copy and get reading! The entire Trawler Trash series should be on your reading list! Totally enjoyable and highly readable.

I started with "Trawler Trash" book 1 and have been eagerly devouring every book since. I love Mead Breeze & his boat Miss Leap and all the misadventures they get into & out of. I even got some "swag" from the author's website. I am always eagerly waiting for the next book in the series. Ed is a good writer & story teller.
