## Customer Reviews

Great music book

If you can read tabs you will appreciate the accuracy of this book.

It is exactly what I expected, not for a beginner. The guitar tabs are aligned correctly with the music, much better than other books I have purchased.

Excellent! I have been looking for this for a long long time and it worth it.

Excellent note for note transcription of one of my favorite collections of acoustic guitar blues.

Quick delivery and nice product.

Truly is note for note. An amazing book.

Slowhand the best. One of my favorite recording now the musical notation
