I just finished reading "Swimming With Glory." I was quite moved by the whole story, but particularly by the relationship between Debby and Glory. Things like that are hard to convey in words. "You need to be there." That said, I believe that Glory's attraction to Debby was truly God's answer to Debby's prayers. Thanks Debby!

Loved this book. It still is with me after reading it a week ago.

As a believer that all life is conscious, and that animals of all kinds have the ability to communicate love and intelligence, Debby Cason's book was pure delight to read. I will never look at a fish or sea animal in a museum aquarium the same way, for this book demonstrates that even a fish can communicate with us and teach us if we are willing to pay them respect and expectation. This is one of the most unusual and heartwarming stories I have ever read, accompanied by 81 photos of the author's spiritual journey. At the back of the book, the addendum detailed the astounding number of things the author and her husband had to learn and do in order to be safe on their trip. I recommend this story for those who enjoy spiritual books.

Having anchored in the same harbor and been scuba diving and snorkeling in the same waters, it was a treat to read Debbie's book, although we did not know each other at the time. How ironic that we ended up living in the Colorado mountains not too far from each other. We, too, thoroughly enjoyed the Fijian people and our experiences there. Anyone interested in the sea and its life forms and other remote cultures will enjoy this book. While it has a spiritual premise, one can enjoy it whether or not one shares that world view. I am a prize-winning author and poet so I feel at least somewhat competent to write about Debbie's book :)Enjoy!

I started reading your fabulous book last night and finally HAD to close the cover at 2:45 a.m. I felt like I was on such a fun and engrossing adventure with you! I enjoyed every tale, each turn of the page. Wonderful job -- delightful reading. I wished it would go on forever. Congratulations on such a fine production." ÆÂ D. By Rondi Smith, former Captain of the sailing yacht, SundownerSwimming with Glory took me captive and spirited me along on its cruising adventures. Debby Cason's detailed descriptions of life on board her blue water cruising vessel Dreamer were fascinating. This is the insider woman's view of the cruising world, a story that is seldom told.

Spellbinding! This book transported me right to Fiji with great descriptions of the islands, the underwater world, and the lives of the colorful people in Viani Bay and thee many adventures the author shared with her husband and her Fijian friends. This true story reads like a novel with a primary plot and several subplots. Don't miss reading this book.

Swimming With Glory is a spiritual adventure that will open your soul to the mystery and connectedness of ALL life “ human and non-human alike. This true story gives us a taste of God’s glory where we’d least expect to find it and brings us home to the intimate, personal love of our Creator. Rev. Rebecca Kemper Poos
