Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for Hawaii and other locations worldwide.

I generally like Franko Maps for their quirky sensibility. They're moderately useful for finding highlights and quite durable. However, as a dive map, it's an abject failure since it only lists the approximate location and a brief description of the sites. You'd never find a site on your own for a shore dive using this map and you can get far better descriptions of the dive sites online or from a decent guidebook.
