Overjoyed to find this high quality collection! Delighted that the IPA is in the book, and pronounced on a CD. Accompaniment CD is included, too. This will be my new go-to introduction to Art Song for high school singers preparing for contest, state and college auditions, recitals--great news!

The audio accompaniment was really why I bought this. It is great on the computer but I needed to

save it in another key for my son's performance and it does not allow you to do that.

As a voice teacher, I highly recommend this anthology. Great background and notes, a wide variety of song styles in several languages, and excellent recorded diction lessons and accompaniment tracks for the student to practice with. It's also a superb value for the young singer. Fantastic addition to any singer or teacher's vocal library.

Great product with fast delivery

nice selection of songs - just difficult enough to allow mastery within a few lessons

This is a fantastic art song anthology, with lots of educational tools for students. IPA instructions as well as spoken languages on the CD, good translations of the foreign language songs, and a realistic sampling of well-known art songs. Love it!

Thank you.

great
