Wow! Peyton how can u continue to get played by not one but two men . No matter how good the sexual encounter is. Once again Ms Daniels writes an exciting, extraordinary, dramatic novel which has you basically drooling and wanna kick someone behind. Obey is just what the title is I really want to shake some sense into Peyton , but what can expect when your own mother let your father treat her and children like The dark ages. This is a page turner and now I have to wait until 2017 .sweating mad as all get out to find out about these crazy adult characters.

It took me no time at all to gobble up the books in this series. The story of Peyton and Creed was my newest addiction from the very beginning. I can honestly say that my breathing stopped when I realized that I would have to wait to resume the story. I will admit that I found Peyton's hesitancy to pull the trigger on her marriage very grating at times. This idea that she needed her husband was very frustrating to me especially when Creed ready and willing to move heaven and earth for her. The man has the patience of a saint in that regard and we all know he doesn't have much patience in everything else. I am very anxious for the next book and to see how all of this will play out.

This book 3 was very interesting. Just when it was getting good, it continues until 2017/ WHAT!!! Curious to see how Peyton will handle the Haley situation. Considering how she has allowed her husband to walk over her like a door mat and Creed treats her like a dog, she probably will let Haley do whatever she wants with the pics.

Look I'm three books in, the sex scenes are so well written but Peyton being this silly naive grown woman is so cringe worthy. I'm second hand embarrassed. I hope book 4 has her getting a little bit of self worth and common sense. Why have her be so incredibly weak and stupid. This is a woman with a journalism degree and a mother! Come on! I've read a lot of these books n I've never seen a character so weak n it being a black woman I'm just amazed. We all have insecurities but my god she's a never ending doormat. I stopped connecting with her after book 1, who is this needy and dumb? I hope she has some self esteem in the 4th installment.

I was so excited so read about Creed and Peyton again. This is one of my favorite series. I liked that we got to know Creed a little more in this book. I give 3 stars because I would have liked to read

more about his feelings for Peyton. I also was disappointed the storyline stopped at 80%. After the wait for part 3 I was hoping for a little more. I would recommend this book for a quick short read. I would highly recommend this series.

I am hooked, this is a really good series and it gets better and more interesting with each new book. Peyton/Creed/Haley/Ray saga continues, with more surprises, drama and lies, and that ending? WHOA!. I can't wait more of this story!

Another good storyline. Hope we don't have to wait too long for the next sequel and for Creed to use the L word. He is softening, and now we have an idea why he acts the way he does. And Peyton and her mother are finally getting some backbone. The story begins as Peyton steps off the elevator to confront her husband and his lover waiting to get on, at an exclusive hotel. The fight begins. The author delivers again with a great story and includes a little something for everybody, including the surprise ending. Please don't make us wait too long.

After waiting and checking for almost a year this book was definitely worth the wait. I'm just hoping the next book is as great as the other 3 but I don't have to wait as long for its arrival
