Detours: The Unpredictable Path To Your Destiny

Synopsis

God has a plan for your life. More often than not, it's a detour - one that can leave you feeling temporarily stalled and slowed down. Which nobody likes. But detours are necessary if any improvements are going to be made on the paths we travel. Or if any wreck is going to be cleaned up or a hazard avoided. Detours are designed for our own good, regardless of how we view or feel about them. Detours are a good thing that often feels bad. Tony knows a thing or two about detours, and one of the things he knows for certain is that God works through detours to bring about his blessing. To deliver you to the place he has created just for you. Yet what we often do is try as hard as we can to work our own way to the circumstances we believe are best for us. Using examples from the life of Joseph, Tony will leave listeners with answers to the following questions: How do you find the destiny God has designed for your life? How can you make the most of the detours God has planned for you? Is there a way to shorten a detour and speed up your progression in life? What is the purpose of a detour?

This book is definitely speaking to me and my life. We all go through detours trying to get to our destiny. Min Tony Evans is an awesome teacher. I purchased the audio narration too. I am listening to it again for the second time. This book will help you to understand what God is doing in your life.

I don't know where or how to write this review. Pastor Tony Evans opened my eyes yet again to the

way God's works in all of our lives for the uplifting of His glory and kingdom. Pick up this novel and be prepared to have your spirit fed!! Excellent book!!

I chose this book because of a post I read on social media, which happened to be from this book. It was something I needed to read at that very moment. It felt as if God lead me directly to it. After searching for the book, I purchased and immediately began reading it. I truly enjoyed this book. I recommend to anyone that thinks they have reached a point of giving up. The lessons within this book will give you the strength, the power, the courage, and the willingness to keep moving in faith and Not by sight. It is powerful and provides the perfect story to follow along with the lessons about God and the many detours in life that one may

Ive read a number of Dr. Tony Evans' books over the years. Next to his first written book, I believe that this may be his best written book. It's easy to read; there is great flow. Using wit and life examples, he provides us with vivid images of why God does what He do. I highly recommend this to any believer who is wondering where God is in the midst of his/her adversity.

Great book. Tony Evans gives you a new way to look at the ups and downs of life and I like the description of "detours." This book helped me to think of the detours life differently, and, more importantly, how I should react/walk through the detours. Our church Women's Ministry is reading this book as part of our Women's conference and it has been a blessing.

Tony has a way to engulf you in the topic. I have read other books written by Tony, and have had the same perspective from each of them. His books are easy reads. I would highly recommend this book wondering about their destiny. Frank Hansel

I was diagnosed with stage 4 lung cancer recently. I have since been re-diagnosed as not having cancer. God removed the cancer. This book does a great job of defining why we go through detours in life and what God can do in them.

If you're someone whose been trying to figure out your purpose, this book is for you. If you've been running from your purpose or calling, this book is definitely for you.
