Customer Reviews

I strongly recommend this book to all music players who want to be converted even more into the Harry Potter world! A warning is that the actual book is for piano and is a bit more advance. The violin part is removable and is quite nice!

Definitely made for the violin. The piano is accompaniment (especially fireworks) so this is much more of a duet book than the description makes it sound. I bought it for my boyfriend to do duets with me (him violin, me piano) so it serves my intended purpose.

Thanks.

I bought this book for my 9 year old daughter who plays violin and I accompany her on the piano. Being the Harry Potter fan(books, movies etc), she really enjoys the music. Her favorites are

Hedwig's Theme, Professor Umbridge and Fireworks.

Nice selection of music, but would have liked finger and bow positions for all the notes, so a student could work ahead of their lessons.

Anything that gets a kid wanting to play. Some pieces are challenging but she's getting them.

My son loves it. So glad I bought it for him.

Great for any Harry Potter fan
