Customer Reviews

I loved this book from beginning to end. I couldn't put it down until I finished it. I really hate the wait

Thanks

Loved this book about four sisters who had inherited a Ranch from their Great Grandfather only it came with stipulations. They needed water as the neighbor had rerouted the water to his Ranch. A sister went to tackle him about this. He was not very sociable since being hurt then burned on his face and upper body. As the two got to know the other a baby was found in the bushes near his farm and she suffered heat stroke. A must read for those who enjoy historical western romance kindle books from at a special price and from a duo of authors who keep me entertained throughout the entire book.

Another very good read from Indiana Wake! I am really enjoying this series! It is an excellent & enjoyable series. I'm so glad that Delve found love. Tabitha was in love with him & finding the baby in the bush drew her and Delve closer together. I highly recommend this book!

This is a great story of inspiration and love to remind us that we need to look at the inside of people, not just the exterior package. I really enjoyed this book. I recommend this book to everyone who wants a good clean fresh romance and happy ever after.

Delve had a terrible childhood and had been disfigured which made him not trust people. Tabitha found the baby while on a walk. She became over heated and headed for Delve's place. The story had a happy ending.

I loved this book. Wonderful series. I cannot wait for the next book even though this is a complete book, I want to find out what happens to the last sister.

This story of Tabatha and the devil is my favorite so far. One man who has lived through some of the worst of life and survived finds a family to love.
