Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

## Customer Reviews

I've been a huge Wonder Woman since I was 4 years old (which actually means, a LONG time) and I've passed down my W.W. fascination to my 3 year old daughter. She was VERY happy when she received this book on her birthday and we've read it about 15 times in two weeks. This story is about Wonder Woman and Batgirl fighting against Poison Ivy in a Gotham City Botanical Garden. These characters are a great example for young girls that women can be just as feminine as Disney Princesses but also strong and powerful at the same time. Although this is a story that really encourages girl power (there aren't any male characters in the story), my 6 year old son really enjoys this book as well. This is a fun story that's full of silly puns that my daughter thinks are hilarious and the illustrations are adorable. I highly, highly recommend this book to both girls and boys.

This is cute. With the new girls DC superheroes being popular, I thought my daughter would enjoy

this. Interestingly, in the movie - Poison Ivy is a good superhero and in this book she is a villain. That was a little confusion for my 5 year old. But still cute story and illustrations. And of course the sentiment of being a little golden book

The book is perfect for 3-6 year olds ( or older). The illustrations are age appropriate. The fact that batgirl is friends with Wonder Woman was well liked by my daughter ( 3.5 year old). As we read the book, I emphasized on helpfulness and kindness.

This book is a good read for superhero lovers. My 3 year old daughter loves this book and requests that I read it often. The illustration is pretty cool and the plot is good for kids.

I bought this for my three-year-old as it seemed like a suitably low violence way to introduce her to superheroes like Wonder Woman and Batgirl. She loves it and I was surprised to find that my husband and I actually enjoyed this as well! The humor in this book is campy and definitely more in the line with the quirky humor of the 1960s Batman tv show. I would love to find more kids' books like this that provide both an interesting story for the child hearing it and some quiet laughs for the adult reading it.

A cute little book, featuring Wonder Woman and Bat Girl, taking on Poison Ivy.

My granddaughters love this series. I've bought several of them for them. And they are a great way to derail the TV monster,

Ever since we received this book, my daughter has me read it to her every night! I love the punch lines in it, like the classic super heroes always used and it's all girl and my daughter thinks it's awesome!
