# Doll Fashionistas: Beautiful Dolls And Ultra-cool Fashions You Create With Needle And Thread

## Synopsis

Using this book, readers will be able to create truly customized dolls - literally from head (curly hair? Straight?) to toe (ballet slippers or sandals?). Skin dyeing technique alone will allow readers to create a range of ethnicities, and is unlike anything in any other book on the market. The fashion templates allow readers to start creating simple fashions immediately, but the techniques give readers the ability to start their own fashion designs.

great book!! came in fast! Easy patterns. easy to make! please make sure that the dvd is there when ordering because it helps to walk you through it. Something in the dvd is not the same in the dvd for some reason. Do not order things from the authors web site. She Has kits that you can buy with so-called everything you need. very costly! I was so disappointed. The package came with things in kitchen ziplock bags. There was not enough yarn for hair. The pencils that were sent were only stubs of pencils that were already used even the regular pencil too. It was so unprofessional. The lesser priced kit was supposed to come with a dvd and she sent a cd-rom disk??? Go to the craft

store and buy your supplies..will be much cheaper! the book is easy to understand. I loved it. Also great for those new to doll making..

I love this book! It has helpful item lists for each level of doll maker. Easy to find and use items, nothing you can't find at the local craft stores. Joann had everything on the list that I needed. Love the doll faces! And even better there is a face template! That is the tough one for me. The ideas are unique and the dolls are modern. I would recommend this book to new crafters and experienced alike.

Excellent text doll making book. Beautiful dolls, with beautiful faces, outfits and hairs. Easy to follow for a non english speaking native language. I love it, I've been reading every single page up to the second chapter to make sure I have understood and I can't wait to start my first doll tomorrow. I highly recommend this book because of its structure to teach how to make a BEAUTIFUL DOLL FASHIONISTA. Thanks to the Author Ellen Lumpkin Brown.

I actually purchased this book as a gift but after looking through it, it is now mine. It is very well written and so easy to understand that I went right out and bought everything I need to make my very first doll. The crazy thing is that I never had any intention of making dolls but Ellen Lumpkin Brown makes it look so easy that I can hardly wait to get started and will buy a couple more of these books to give as gifts.

My 8 year old granddaughter has been designing clothes for several years now. With this book, she is ready to start sewing, first those in the book. Then, she hopes to sew some of her designs for her dolls.

Great reading, I am going to make some of these dolls this winter!

I love the beautiful Fashionista dolls the CD was very helpful in aiding me in the construction of the doll. Everyone loves the dolls and I can't make enough of them.

I just received Doll Fashionistas. I absolutely love this book. The directions are clear and concise. If you have problems there is a CD included so that you can view techniques first hand.
