Crossword Puzzle Dictionary: Sixth Edition

Synopsis

More than 1/3 million answer wordsEasiest to useEasiest on the eyesHere is the work that made all other puzzle dictionaries obsolete. Its unique Instant Finder System saves you time-consuming searches through the long, jumbled paragraphs of words that are so common in other crossword puzzle dictionaries. Suppose your clue is a six-letter word for RAGE: just turn to that entry and your eye immediately picks out the bold number 6. Now you can pick your answer from just five words, ignoring the 32 others that can't fit. And note how the clear type and uncluttered format help make your search quicker and easier!

Customer Reviews

This is our second copy of this particular crossword dictionary. My husband and I both do crossword puzzles and have found this dictionary to be one of the best. We used our first copy for many years and finally wore it out. We were very happy to find that this version of Andrew Swanfeldt's Crossword Puzzle Dictionary was still available. It's very comprehensive and the clues are laid out by the number of letters contained in the word. For instance if you know you need a five letter word, you can immediately go to the clues listed under the number 5 and skip over the 3 or 4 letter words. We have other crossword dictionaries but this one is our favorite. We highly recommend it.

Satisfied

Would like to purchase this, but it is out of print and the publisher isn't printing any more of them. The one I have is falling apart. I have used it for many years and when I went to the book store to

replace it, they told me it was out of print. I looked in your website and found the same answer. Someone should tell the publisher that this is a really good reference for doing crossword puzzles. The separate sections on, Names, God's & Goddesses, Alphabets, etc. are really useful.

The perfect crutch when stumped on my daily puzzle.

This is a miniature sized (4" x 6") version of this great reference book. Very hard to hold, very hard to read. Try to find the older 5" x 8" edition.

I had this edition for years and it was a soft back and when I got this new one, the other one was being held together with Duct Tape. The pages were brown and some in the back had come loose. I like this edition and it is so easy to look up word meanings.

Helpful, but near enough. Also quality of book makeup is sadly lacking. Pages and quality of paper very poor--one has to be extra careful as it seems it will fall apart any minute. Not for the quick and careless.

I have been using this dictionary for many years, this was actually a replacement because my other one was falling apart. It doesn't have some answers to clues that I thought it should. It is a good size to work with.
