Nomad's Fury: A Kurtherian Gambit Series (Terry Henry Walton Chronicles Book 5)

Synopsis

They say that behind every great man is a great woman...But what if that woman is a Werewolf?"Serenity and Clint Eastwood fans saddle up! This is a straight shooting futuristic story that celebrates honor and survival with a little paranormal on the side."Settled into their new home of North Chicago, Terry and Char find more enemies than they suspected. Faced with their greatest threat, they put the FDG into action against a Forsaken who's surrounded himself with a small army of loyal humans. With Akio's aid, they go to war."I swear this series just gets better and better. ""The saga of TH and Char continues as they protect the innocent and attempt to return civilization to the people. The characters and story are great as usual. I found myself more and more engrossed as I devoured the book."

Customer Reviews

I love this series and these characters. Each person plays an important role (Awesome Craig, how

do you manage to keep up with everyone?) Truly remarkable! I don't like spoilers, so I will comment on the plot, characters, writing and theme. Plot: Well between TH's desire to bring humanity back to civilization and the occasional firepower needed to ensure the safety and freedom of the people and the variety of altered and unaltered humans that come into his circle, the story moves forward quickly. There is no shortage of romance, not superficial sex, but a deep, abiding devotion and partnership between those involved or, in the case of Ted and Sue, a respectful, understanding companionship. Characters: A plethora of people who run the gamut of age, ability, and action. TH and Char are central, but there are so many other essential people in their lives, that the reader is surrounded by this large, caring family. Writing: Craig is Awesome! His sense of humor makes me laugh out loud and it has been a while since I have highlighted and commented on passages, but I have three such markings in this book. The novel reads quickly, but then the reader is bereft until the next installment. I will just have to go back and read them all again! Theme: Hmmmmmm... post-Apocalyptic, Romantic, Adventure, Military, Drama.

The series continues to roll along at an awesome pace. I am most thankful for the speed at which the subsequent books are written as I feel lost without them. Consistent characters, intriguing plots, and just enough twists to keep you on your toes. I have to wonder though what a true psychiatrist would think of someone that can create and maintain so many different characters so successfully? Hmmmmm...

SHINY! More of the Nomad's Tale. This one flows more smoothly than the previous volume. I wished there was more of the "Mini-cooper" resolution. As always, you really need to read the rest of the series to appreciate each new volume in each of the series. Recommended!

Growing population, growing family, Akio, were bear, there's everything in this installment and the kitchen sink. I absolutely loved it.

I was not expecting that! Okay, that I was expecting, but not that or that or that or *that*! Once again a delicious ride in this postapocalyptic world that leaves you wanting more! more! more! Why does May have to be soooooooo far off!

This series just keeps getting better and better! Although part of TKG, THW can be a stand alone series; you'll miss a lot though! Great characters, good vs evil, and great display of honor and

responsibilities. Fell in love with you THW and Char.

The authors have once again brought the Kurtherian Universe to life in my imagination. Excellent story that makes me sorry that I will have to wait for the next book. We see TH and Billy slowly bringing humanity back to civilization and honor.

This series started out great, but it keeps getting better. The character development has grown with each book, and there is a strong story-theme that runs through the whole series tying each book together and their place in the Kurtherian universe. I got this book upon its release and read through it in one long night. The reading was smooth and easy and the pacing of the book was very fast. This book is everything I expected of the books in the Kurtherian universe. There is nothing else like the books in this universe. Greatly entertaining.
