Customer Reviews

i have a few breadmachine cookbooks all for 1 1/2 and 2 lb machines and picked up at Zojirushi 1b bread machine 4 bucks - i stumbled across this as recommendation to use with my Zo - it does not disappoint! i love the onion rolls -Wow!! worth the price of the book alone! I donated my 2lb machine and cookbooks -this now my go to cookbook

Our original book was over 15 years old. It was so well used that it separated into three pieces and we used a rubber band to hold all the pages together. That alone should tell you this was a well used book that we used over and over again. Had to buy a new used book to replace it. It is my wife's bible for making bread with our bread machine.

The Jalapeno Cheese Bread is worth buying the book for~

Really good advice on how to bake bread that no one would believe you made and with the help of a bread machine. Love this book.

I have been using this book for years. I have many bread machine cookbooks, but this is my go-to book, and I knew I would eventually have to replace it because it is badly stained and pages are falling out. When I lost my copy recently, I was very happy that I carried the same book and ordered it. Then (as those things usually do), I found the original, so now I have the old, worn, much beloved book and, when I have to give it up, I have a brand new beautiful book to replace it.

Only some recipes are useful for the mini Zojirushi that I have...

Great recipes and very easy to follow.

I bought this book when it was first released. It is fantastic. However, I have worn the book out and it was being held together with rubber bands and large binder clip. I enjoyed it so much, and so did my friends, that I had no choice except to buy another copy. When I bake all around me the odor invites neighbors to express desire for samples. The writers have truly hit the nail on the head with their recipes and advice. Thank you, ladies.
