Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

loads of great blues piano licks to learn!!

Haven't really had a chance to delve into playing the transcriptions yet, so I can't comment on their quality, but the book unfortunately gives almost no details about the source recordings. All you get is the artist name, song & album titles - no label info, year recorded, etc. Many of the artists have

recorded multiple versions of these tunes over the years & several of the albums appear to be out of print -or perhaps re-released with different titles- making it more difficult than it should be to find & listen to the right version of songs.

- There is just music, not any other information ie. who have done transcriptions. Just a box of printed staff like your piano friend printed+ Pinetop's stuff and Ammons version...

Good
