Paint By Sticker: Travel: Re-create 12 Vintage Posters One Sticker At A Time!

Synopsis

Paint by Sticker: Travel celebrates a time when elegant posters, in an Art Deco style, beckoned visitors to faraway romantic placesâ "from Venice, with its canals and gondolas, to Cairo, gateway to the pyramidsâ "all through the absorbing activity of painting by sticker. Paint by Sticker is a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, place it. And then the next, and the next, and the next, until your â œposterâ • comes to life. Paint by Sticker: Travel includes everything you need to create twelve vibrant, nostalgic travel postersâ "the stickers, the templates, the intuitive directions. The works include Moscow, home of St. Basilâ ™s Cathedral and its candy-colored onion domes. India and the Taj Mahal, crown jewel in a world of fascinating destinations. Bermuda. Monaco. Japan and its cherry blossoms and pagodas. Â Â Bon voyage!

around the globe.

I really enjoy this book series. I have purchased three so far, and each one is unique in its own special way. It is very relaxing to simply peel and stick and see a colorful picture emerge before your eyes. The book is very sturdy, so you do not need anything hard to press down on (I often do it in my lap), and the pages (stickers and images) are all perforated, and very easy to remove. I've never had a page rip while tearing it out. I did have to deduct one star because occasionally the stickers are difficult to remove as some of the cuts are not complete, causing the sticker to rip (see attached photo for example). But I did find a good solution. If you have an exacto knife, or even a sharp box cutter, just run it lightly along the edges of the problematic stickers, and they will pop right out. Just be careful not to cut your fingers!

Absolutely love these sticker books. Nice pastime for adults when you actually get a moment to sit. They make a few different versions and they're all good. Very detailed.

I was super surprised when this arrived. It's great quality. I tried the adult coloring books but never really got on board with them. This is a good substitution. A mindless puzzle.

My 11 year old LOVES these books and the pictures she creates are just too cool for words. I think we may frame a few from this book. Keeps her occupied for hours. Highly recommended if you are a detail-oriented, generally organized person - if you're more a creative, go with the flow type, I'm not sure you'd enjoy them as much.

Amazing!! I am a fan of adult coloring books and love how they relax me but sometimes my hand gets super tired so I needed a break from that and was looking for alternatives when I found this book!! It is really fun watching how every sticker you put on the page brings the picture to life and the outcome looks so awesome I want to frame it and make a "wall of art" with these pieces. Highly recommend!!

This is a fun book, forget your troubles & relax & enjoy the book. Love classic paintings? You will love this book & your art.

Totally addictive! Love the posters. I've only had issues with a couple of stickers so far- over halfway

through the book. Annoying- but overall a small problem.

Great craft for someone who doesn't draw or paint. The results are quite picturesque.
