Flower Fairies Flower Press Kit

Synopsis

This Flower Fairies kit offers children and adults a new way to discover and preserve the science and beauty of nature. The kit includes a sturdy wood and metal flower press and a 32-page instruction book. The press is easy for children to assemble and to use; the two halves screw safely together to create steady pressure on treasured flowers. The full-color book explains how to identify and collect flowers, where to find them growing, and how to use the press. The flowers are arranged according to where they grow and there is a flower "factfile" for each featured species. There are also 4 pages of photographs of beautiful crafts to make with the Press Kit. Both kit and booklet are attractively decorated with by Cicely Mary Barker's lovely Flower Fairies illustrations. A terrific gift for a lover of flowers or a lover of science, the Flower Press Kit is also a great way to make and keep memories.

Games > Crafts & Hobbies #66994 in Books > Teens > Literature & Fiction

Customer Reviews

I'm an artist and in some way I see the pictures of Barker are splendid, full of imagination and colours everywhere. I recomend it not just for kids, even for those people that still believe in fairies
