I voluntarily reviewed an Advanced Reader Copy of this book. Heather is a 24 year old who owns her own business doing what she loves; planning weddings. Gavin is billionaire who invested his money well to get where he is today. They have both had bad experiences in past relationships. They meet at a wedding. Gavin's best friend is getting married and Heather's company was hired for the planning details. They meet and there is an instant connection. They talk and flirt and one thing leads to another. What started out as being a one night stand, turned into more. This story is wonderful! Just the right length. I read it in one sitting. Heather and Gavin go through a lot. Lust, lies, nasty rumors and some hot romantic moments. Can they overcome the obstacles that have been put in from of them? Will Heather see Gavin for who he really is? Is Gavin able to break through to Heather and show him what he is, really? One-click this book to see what happens. You won't regret it! Thanks Kylie for a wonderful read! I would love to hear more about these two!

I was provided an Advanced Review Copy of this book in exchange for an honest review. This book had me from page one. I stayed up until 3am to finish reading having thought at 10pm I would begin reading a few chapters then pick up again the next day. Ha! Right! Ms. Walker's story is lovely. It's about a successful Vancouver Wedding Planner, Heather with serious thoughts of expanding her company into L.A. and NYC. While checking in on a wedding at Whistler's Mountain she meets

billionaire businessman, Gavin. Their chemistry is instantaneous and hot ergo their sex is hot and steamy. But, because they both have trust issues, it was a page turner to discover how they were going to resolve their differences to reach their HEA. I highly recommend this story. Kylie writes beautifully. Her characters are well developed and her storyline is engaging and it felt complete...no plot lines hanging out there. Enjoy!

This is a beautifully written romance story. When Heather who is trying hard to make her wedding planning business a success across the globe. She loves planning weddings even if her heart was broken by a cheating Sinbad fiancé. When she gets showed in after she decides to go to the mountain resort to see if her employee needs help. Her employee suggests that she should have a one night stand with someone just don't get her heart involved. Can she have a one night stand? She isn't the type of woman that has one night stands. So she goes to the bar for a drink and meets Gavin and ends up in his bed. There is something special she can feel it. But will billionaire Gavin fall for Heather he had his heart broken when he found out the woman he married not wanted his money. Will Gavin and Heather find more than the earth shattering sex? Will Heather give Gavin a chance instead of listening to rumors? Can she overcome her fear of being hurt? This story will draw you into the story and make you want more when it ends! I can hardly wait to see what's next by this multi talented author. I voluntarily decided to review this advanced reader copy because it's an amazing romance story.

Heather runs her own business and plans weddings for a living. When she finds out her "fiance" is cheating on her, she puts everything she has into her company but with a little bit of financial help she can make it soar. Gavin is a very sexy billionaire who is the best man at his best friend's wedding. It just so happens to be one that Heather's company has planned. When they meet at the bar, neither one of them know anything about each other except their first names. They share a very intimate afternoon together and may just want to have a repeat. When they both show up at the same wedding the chemistry they shared before is still there in full force. When someone makes up a lie about someone else should you always believe what you hear? When you have been deceived by someone who says they love you, can you get over that and trust completely? This is a fun, well written story and I truly liked the characters as well. There's more to the story but if I told you everything you wouldn't want to read the book. It's a fast paced read and one that's perfect for that lazy afternoon. I voluntarily read an Advanced Reader's Copy of this book.
