Determine Your Future by the Words You Speak Today In The Power of Your Words, Robert Morris tells us that there are three types of people: (1) those who think before they speak; (2) those who think while they speak; and (3) those who think after they speak. Which one are you? If you were told that God records every word you speak, would this help you to think before you speak? We all know that words carry enormous power-the power to heal or to wound, to encourage or to dishearten, to speak truth or to deceive, to praise or to criticize. They can be the key to our success or the reason for our downfall. So, how do we harness that power? How do we learn to use our words to their greatest potential?. The Power of Your Words will take you on a journey of discovery into more than just the obvious physical and emotional impact your words can have; this is a journey that will help you understand the spiritual force inherent in every word you speak. Find out how to live more freely; how to connect more meaningfully; how to undo the damage of your words; and, most important, how to pause, ponder, and then pray before speaking. Robert Morris wants you to know that good words last and carry enormous power to help, heal, encourage and move us to a greater level of living. When you say something positive or encouraging to your spouse, to your kids or to your friends, your words will last forever. --This text refers to an out of print or unavailable

Excellent Book! I need to recommend it to everyone!

This book by Robert Morris is not another 'name it--claim it" book. I really enjoyed "The Power of Words." He takes the reader through the Bible to discover the power our words have. Great job Robert.

This book is my first exposure to Robert Morris, and I am glad I bought this book. Its writing style is one that a reader can go through quickly, but it's loaded with Bible-based truths. I particularly liked the chapter in which Morris lists and describes 10 ways the tongue can be used to sin, and here too Morris uses solid Scriptural backing. Very, very good book; I liked it also because thanks to it, I learned of new verses I had not encountered before. Read it - you'll learn how dangerous an unbridled tongue can be, but you'll also be encouraged by how much life and fruit can come about if you submit your tongue to the Holy Spirit.

Excellent book, full of what should be considered 'common sense.' This book changed my life for the better and it can do the same for you. Words have the ability to hurt or heal. Change your words to be loving and healing. You'll be amazed at the wonderful transformation in your life.

Great read from an amazing man of God!

The title summarizes this great book

This book has met my expectations exceedingly. Pastor Morris has always been an amazing teacher to me. He covers the Bible in his teachings rather than focusing on a sliver of a verse and disregarding the rest of the Bible. You come away with a well-rounded understanding of the topic he's teaching.

I recently purchased this book for my son who is in prison. A few weeks later I bought it for myself. The author has brought so much insight to me through this book. I have always known how powerful our words can be because God himself spoke and it came to pass, and as this book points out our words whether we are a Christian or not have the same effect..bad or good. I encourage anyone who wants to redefine his thought life and what comes out the mouth to read this book. A big Thank you to Robert Morris for putting this book together and for the scriptures used !!!
