Synopsis

*****LIMITED TIME OFFER*****The concept of salad dressings • differs from one country to another. For example, the vinaigrettes are very popular in Europe while the mayonnaise is mostly used in Russia. The salad dressings which are based on sweet cream are more popular in Denmark while North America has the biggest collection of salad dressings in the world. It doesn't matter which salad dressing recipe you use. The basic idea here is that it changes the taste of a salad in a second. The same combination of veggies tastes completely different according to the salad dressing you are using. Discover some original and interesting salad dressing recipes and change the way you eat your salads forever. Customer Reviews

I have downloaded many of your books and they are nothing short of wonderful. I look forward to each new one as they become available.

A few dressings in this book I will try. Quite a bit of off the wall recipients (for my taste) that I will never try. The kindle format is difficult to read. Recipes are not separated by page, but run one into the other. Some type of content page would also be helpful
