Customer Reviews

I really liked this book. It was interesting and fun to read. I can't wait for the next book..

Cecilia and Clarence are back with another quest for a mysterious artifact. This time they are in Sin City-that's right folks, Las Vegas, Nevada! In the taxi ride to the hotel they read a newspaper article about three people who had won big money at casinos recently, only to go on to have freak accidents resulting in their deaths. Cecilia figures out that the connection must be a pair of cursed dice, and immediately sets her hopes on finding them. Clarence wants only to find the lock that they

have come to retrieve. He is hoping the lock will be the answer to keeping artifacts contained back in the shop to eliminate trips to the Grand Storehouse. The less they can do to attract the Cabal, the better. This trip, both Clarence and Cecilia think "their" artifact is more important than the other one, and they end up going off to search alone in different directions. It becomes a competition no one is winning until an odd coincidence brings them back together working on a joint recovery. From there it is exciting to see how the individuals involved can help the other and the unexpected way they work together and decide what the ultimate artifact to get really is. Wonderful new characters bring so much to the plot and resolution. Changes in Clarence and Cecilia show their growth as Antique Dealers and friends. The setting and even the taxi driver seem so vivid that you can almost imagine this all being true! But the twists and turns and surprising escape that make the story so enjoyable also tell me we aren't in Kansas any more! Fun for all ages and nothing to be embarrassed about regarding language or explicit romance. Recommended for all ages. If you haven't read the first book in the series, be sure to start with that one; *The Curious Case of the Cursed Spectacles*.

The chasing of impossible things that can't exist continues... Simple items that are lucky charms ??OR artifacts cursed with profound consequences ?? This may only be book 2 but *Curiosity Shop Cozy Mysteries* series is Rock Solid !!! Constance Barker Never Fails to capture readers and keep them enthralled. Interrupting reader before the end could get you 'cursed' ;). *The Curious Case of the Cursed Dice* has the new(ish) Antique Dealers in action packed peril from page 1. In *Destiny's Point*, Uncle Mason's legacies, the *Curiosity Shop*, being an Antique Dealer, passed on in book 1, *The Curious Case of the Cursed Spectacles*. Cecilia, niece and shop owner, relies on instincts, improvising and impulses. Rushes to implement. Clarence, shop manager, relies on plans, focus and goals. Then implements. What a great team. If they could quit competing for leadership. Maybe Edgar, a translucent Victorian man bound to a pen, can help them survive the dangers of being Antique Dealers. The thrill factor increases throughout the book. Leading to promises of unpredictable twists and turns for future stories. The book ends not as a cliffhanger but possibilities. More Wondrous, Exciting Adventures. Oh...Lila Twill, friend or foe. MORE of her !!! I received this book as an ARC. I am voluntarily posting this review.

Cecilia and Clarence are back and hunting cursed dice in Las Vegas. They are still having a hard time becoming a team. They keep trying to one up each other. The dice are not the only thing they are hunting in sin city. Members of the Cabal are also in Las Vegas. Clarence almost gets capture, but is rescued by a pretty lady named Lila. She joins the team and all hell brakes lose. She does get

them to work together. Lila is a fun addition to the cast of characters. This book was a fun read that I had a hard time putting down. I was given an ARC for an honest review

The second installment of this wonderful series did not disappoint one bit. Every bit as good as the first the action never stopped as they raced to find the dice before it's curse strikes again. A new friend may be an enemy and will need watching closely in this book and future books as more becomes known about this person. This book was truly a pleasure to read and left me wanting to read more.

More cursed objects and more surprises. They are looking for a cursed lock and another relic comes there way along with a new associate. Things don't go their way until the luck of the dice come their way. A great follow up to the cursed spectacle. Another great read can't wait for the next book. Was given this book in exchange for an honest review and I hope you enjoy the book as much as I did

I received an ARC of this book and decided to write a review. This series is quirky but oddly endearing. Cecilia and Clarence are coming to grips with the task of being Antique Dealers. They are also trying to learn to get along with each other and listen to each other's ideas. This is hard since Cecilia is impulsive and Clarence is organized. This time, they are headed to Vegas to look for two items. Clarence wants to find a cursed lock to keep their finds safe from robbers. Cecilia wants to find a pair of dice that grant uncommon luck but also cause a gruesome death for the gambler. Their arguments with each other and their individual searches comprise the bulk of the story. Told with wry humor and deft plot, this book hints at more adventures for the protagonists and readers alike.

Curiosity Shop Cozy Mystery 02-The Curious Case of the Cursed Dice was an entertaining read. Cecelia and Clarence are both interested in finding a certain artifact and end up going on their own to search. Lots of twists and turn along in this adventure. I voluntarily reviewed an advanced readers copy of this book.
