ARGUMENT!

Synopsis

ARGUMENT! marries solid instruction in critical reading and analysis, argument, and research strategies with a visually engaging and dynamic design. ARGUMENT! teaches students how to read with a critical eye, how to think about and respond to the ideas of others, and ultimately how to craft their own effective, relevant, and engaging arguments. With ARGUMENT! students will learn how to acknowledge and respond to the complex arguments (both visual and textual) that exist all around them in addition to entering debates with their own strong and thoughtful voice.

Customer Reviews

Dorothy U. Seyler is professor of English at Northern Virginia Community College. A Phi Beta Kappa graduate of the College of William and Mary, Dr. Seyler holds advanced degrees from Columbia University and the State University of New York at Albany. She taught at Ohio State University, the University of Kentucky, and Nassau Community College before moving with her family to Northern Virginia. She has coauthored *Introduction to Literature and Language Power*, both in second editions, and is the author of *The Writer's Stance*, *Patterns of Reflection*, in its third edition, *The Reading Context*, *Steps to College Reading*, *Understanding Argument*, and *Read, Reason, Write*, currently in its fifth edition and *Doing Research*, currently in its second edition. In addition, Professor Seyler has published articles in professional journals and popular magazines. She enjoys tennis, golf, and traveling, as well as writing about all three.

I found that many of the topics covered in this are very subjective of the author or what most people

would deem "common sense". Granted I had to read this for a college course, I typically find rhetoric books at least somewhat interesting or informative, Argument! is not a good read.

The cover and first few pages were extremely worn and creased. It was still readable, but I wouldn't say that the condition was "Good".

The book arrived in horrible condition. The front and back paperback covers were curved outward with crease lines all over. I wish I could give it 0 stars!!!

Got it in not very good conditions and it is the same format as the newer Green cover edition.

Book came in bad condition

This book is in very bad conditions.it doesn't deserve the price, also is very dirty.

Came in a bit beat up, but I can't complain considering its price and that it is a rental. The text is great and is exactly what I wanted. I'm happy with my rental.

it's a bit damaged from the way its moved and has creases on the cover but it was overall good and clean as well as useful c:
