My daughter is enjoying these songs very much.

This entire book series is amazing and a very great addition to your collection. They've done a great job selecting songs that span a wide range of eras, styles and abilities.

She loves it

This books is full of so many great songs!

Excellent compilation. A good collection of musical theater pieces with nice arrangements. Highly recommend for the serious singer's repertoire collection.

Great volume for teens.

Great collection.

I'm sure it's an excellent book (I have the entire collection for adult voices in all 4 voice types), but couldn't have bothered to list the contents? I'm perfectly capable of looking it up via other sources, but this is just laziness on the part of creating the item page.
