"One of the hottest writers of romance today." -- USA Today --This text refers to an out of print or unavailable edition of this title.

Jayne Ann Krentz is the author of fifty New York Times bestsellers. She has written contemporary romantic suspense novels under that name, as well as futuristic and historical romance novels under the pseudonyms Jayne Castle and Amanda Quick, respectively. She lives in Seattle.

This short novel is an older publication; characters depict male/female roles extant at the time. Definitely not the witty more entertaining works Krentz wrote as her style matured.

Once again I having trouble getting the correct number of stars for the book. There should be five stars for the book. This book was a very fast read. The characters were involved and interesting

personalities. The plot moves quickly to the next point.

In sum, this book is terrible! The storyline and characterization are far below what I would expect from Jayne Ann Krentz/Amanda Quick, and I see why the publisher offered it at a discounted price. Krentz/Quick is one of my favorite authors, so to waste time and money on two boring characters playing out a well-used plot was incredibly frustrating! Even if you're also a Krentz fan, don't make the same mistake I made - splurge on the \$7 novel!

Wish it had been longer. Characters are interesting.

I love every book Jayne Ann Krentz has ever written. I have every one in hardback!

great writer

This re-issue of a vintage romance is refreshingly different from those written today. The romance is subtle. The style slashing. This story is about a man who fell in love at first sight. But since it is written from the woman's point of view then the signs, subtle, but there, are like small shiny jewels waiting for the reader to discover them. A successful, reasonably normal looking man doesn't need to harrass a woman to go to bed with her, yet this man invites himself into her life like contact paper. This story points out the flaws of a good fantasy when faced with a real reality. Or better a man in your bed who truly moves you than a wish on your star.

Easy read.
