This is the piano accompaniment for the corresponding alto sax book. The alto sax part is inline with the piano part. I recommend getting both books, which makes it easier for the saxophonist to follow. The solos vary in difficulty; some are a little challenging for a young saxophonist, and some are very challenging, with everything in between. My daughter easily found a piece that she can play in her solo and ensemble festival that is challenging enough to help her learn and to impress without being overwhelming. I highly recommend this book!

A must have for the young student.

I did not understand from the advertisement that the solo part was not included. The piano portion is very good but I also need the solo portion.

The book showed up before expected and in great shape. My son is really enjoying and learning.
THANKS A BUNCH!!!
