Saved: A Dark Romance

Synopsis

Him:I saved her from a fate many would believe was worse than death. But, Iâ™m no hero. Far from it.Iâ™m saving her for myself, which might be an even worse fate.Her:He's dark. Heâ™s dangerous. Heâ™s the most attractive man I have ever laid eyes on. Everything about him says villain but I can't help but think that maybe there's a hero deep inside.He's kept me apart from the others for a long time. No one is allowed to touch me. Few are allowed to even set eyes on me. I arrived here just before my sixteenth birthday. But soon, I wonâ™t be a little girl any more. How much longer will I be safe? And is safety all that matters?This is a dark romance. If you like your romance dark, proceed. If you don't, or if you're not sure --- approach with caution.This story is a standalone that is a Dominator series spin-off. Holly and Alessandro's story.You do not need to have read the Dominator books to enjoy this story. (Possible trigger. Dark romance. Sex, Violence, Coarse language. Human Trafficking.)Dedication:This story is for the readers who like to spend time in the dark.With the anti-heroes.The damaged ones who donâ™t think they can be redeemed.This book is for you.And for them.

Customer Reviews

I received an ARC of this book and this is my voluntarily, honest review of it. Wow! After reading *The Dominator* series I thought I knew what to expect from this book. I thought I knew how the story would go but DD Prince didn't write my story she wrote Holly's and Alessandro's story and that was a story that I didn't knew at all. It was a great story, a dark story and an emotional story. If you read this story be prepared for everything and even then you will read things that you didn't saw coming. I know this because it happened to me. I would really recommend that you read *The Dominator* series first before reading this book. You could read this book without reading the other books but I think that you then will miss the little details that I found important in the story. I'm 100% sure that fans from *The Dominator* series will love this book too. But be prepared, Alessandro is not like Tommy and Dare! He's darker and more twisted then them combined! Holly didn't had a happy childhood but she had her big sister to protect her from her alcoholic mother but then her sister disappeared and then Holly got kidnapped when she was not even 16 years old. She was sold as a sex slave but she was lucky, she was saved and protected. She was kept alone and guarded, she was lonely but safe but that all changed one fateful night and from that moment there was a connection between her and the man that saved her but he's also the same man who's keeping her captive. Alessandro is a very dangerous man, a man feared by many and they are totally right to be afraid of him. Still, Holly believes that there is still something good in him and no matter what Alessandro says or does, Holly believes that with all her heart. I don't want to tell too much of this story. I think that *Saved* is a story that you have to read and feel for yourself. I can tell you that although most of the story is told from Holly's POV, you also get Alessandro's POV from time to time and I think that was a very, very good thing. Because Alessandro is a very complex man and as a reader you really need to get to know him to understand him and his actions better. When DD Prince finished writing this story, she said that not Alessandro but Holly is the heroine of this story and after reading it I totally understand and agree with the writer. Holly is indeed the strong one in this story, the light in the dark, the glue that keeps everything whole. Because loving someone that doesn't want your love, who thinks that they don't deserve it and when the people around you tell you the same thing then you have to be a strong (or maybe a naive) person to do just that! Something that Holly does with all her young heart and soul. This isn't an easy story and I can totally understand that this story will not be for everyone. There are some hard scenes and Alessandro is a very hard man to love but I, personally, really loved *Saved* and I'm looking forward to DD Prince her next book.

I absolutely devoured this book...loved it! But...I did not love the Hero in this book. I have read some dark books (dark Hero's) and I love them but Alessandro was just plain brutal in the beginning (actually throughout most of the book). But the Heroine I did love. She was naive and sheltered...but oh so strong. Holly is one of the best Heroines I have read this year. She never gave up on him and saw beyond all the brutality...she was well written for the likes of him (he needed her light). In the end he did redeem himself some but not all the way for me. I hope in the future there are more books involving the whole/extended Ferrano family. I would just like to see where life goes for all of them.

Oh my gooooooodnessss!!! This book deserves a full gif review in order to express just how much I loved Alessandro. He was beyond alpha, I am still kind of processing what I read..but this was he one of the best antiheroes I have ever read. Holly will be the definition of a perfect heroine with a heart of gold. DD Prince delivered an exceptionally well written story with a plot that keeps you engaged, primary and secondary characters who make you swoon. Simply loved.

If you like dark romances then this is a great book to read. It has great characters and a story line that will keep you reading. It's not your typical love story that's for sure...love comes in many forms. You don't have to read the other books but it helps to know the story of some of the other characters but it can be read all on its own and you're not lost...

DD had to be channeling Dario love of explosives because she blew my mind and my Kindle on Alessandro and Holly's dark journey! I had to stop and remind myself to breathe! My poor Kindle is running hot from no rest LOL seriously folks adults only. Love a dark read this is it, but remember beware of triggers for some!

Emotional story, I was all over the place. One minute I wanted to slap Holly, she was just so accepting of her situation, I like her strong like she is towards the end where she tells Alessandro that he is her Captive. Now Alessandro, I wanted to kick his ass, cry for him and by the end be happy he finally gets some peace. The part that broke my heart was when his mother took her own life, I balled like a baby. The book had a lot of twists and turns, and I really enjoyed it even though I found certain parts to be dragged out too much. But every reader is different.

I loved this book!!!! You never no if Alessandro was going to be a good guy or bad guy. But you could tell deep down he was good. He did good things for Holly to show his Love. He didn't know how to tell her, Holly never gave up on him even after all the bad stuff he put her through. I loved the music for this book, especially for her special day. It felt good to be an ARC for this book. There's so much about this book. I don't want to spoil it for y'all, just get the book!!!! I started reading it and couldn't put it down. I love how she adds the other characters from the other books, so we can get updates on them.

MORE please!!!
