Customer Reviews

Award-winning travel writer/photographer Lisa Meyers McClintick (LisaMcClintick.com) contributes regularly to Midwest Living, USA Today's Go Escape magazine, Minneapolis Star Tribune, Family Vacation Critic and her own blog, 10000Likes.com.

I referenced this book countless times during our road trip to South Dakota; it covers enough of the basics to ensure you won't miss the big stuff (like Mount Rushmore, Badlands, etc.) and includes many hidden gems. We stopped at the US Geological Survey, where we were welcomed by staff who were somewhat surprised we came to visit but warmly encouraged us to explore the interactive displays of satellite images of our planet. We chatted with a contractor who patiently and enthusiastically answered our many questions and encouraged our kids to consider a career working for the USGS! On to Rapid City, where we explored the above-mentioned big sites with what felt like an insider's perspective thanks to McClintick's recommendations and tips. Restaurant recommendations were helpful in finding a place that fit our taste and budget. Although I read through other sections, I mainly used the Southeastern South Dakota and the Western South Dakota sections; they are dog-eared with use! Loved this book and loved our vacation even more!

Highly recommended!

Great backroads guide to the Dakotas. Roadtrip necessity if you're driving that area

excellent guide book

This is an excellent book full of information on both of the Dakota's. We decided to extend our South Dakota vacation also into North Dakota after getting more sightseeing ideas contained in the book. Descriptions are great.

Well written & a fun way to plan a vacation.

Was a very useful guide for us, making our trip more interesting, informed and varied.

it was a gift

Exactly what I was looking for to plan a road trip.
