Bought this after seeing Bruce Blitz youTube instructional videos and loving them. My 8 yr.old son loves drawing cartoons and this kit did not disappoint. Worth the money!

This was an awesome gift for my 8 yr old. His father received this gift as a child and loved it too.It's

a great way to learn to draw for children and adults.

Super value, this is the second time I have been asked to review

10 yr old boy loved this and used it a great deal. Easy to understand and it kept him busy for 30 minute segments.

Great book! I highly recommend it!!!

Nice for drawing characters. lots of instruction in a small book, however mine was missing everything but the book, it was no kit.

Ordered as a Christmas gift for my 10 year old son and he absolutely loves it. He started out following the book's drawing directions and soon branched off into freehand using what he learned from the book. A definite must for a beginning artist. It's a fun and interesting way to learn the basics.
