Katherine Krohn is the author of many nonfiction books for young readers. She is also a journalist and a fiction writer.

I didn't realize that this was a children's book when I bought it but I really liked the pictures and the fact that it included Native American costume as well as Western Costume. I have an abiding interest in that time period of our history and this book is staying in my collection.

Nice. I only wish there were more photos in the book, but what is there are great and has informative descriptions.
