Customer Reviews

This is a very helpful diet book with 30 fat blasting workout. If you are trying to lose weight, but don't have enough time, if you're constantly busy with a packed schedule throughout the day, if you want to have a healthier and sexier body then this book is for you. I hope this book is able to help you very much.

This book is health wise and truly a blast. I was following most of the procedures and it really gave me good results without any fractured bone. I felt better while using this book as my guide to my daily workout. And it really satisfies me. Truly a blast.

It was hard. But now I love it. Thanks

It's easy to understand with the instructions and explanation of this book. Correctly what I needed. Thank you! Kayla

This book has encouraged me to start my fitness routine... this is what I needed to read!

So now I have no excuse. A book full of 5 minute awesome workouts, means I can never make the excuses of not enough time. I searched for a while to find the routines I could use especially online but to have it all in this book is so easy. Kayla is also a great role model for fitness so seeing her workout routines all in this one book lead me to want to use it more. It's gave me the motivation I need to get going on my 6 week improvement routine which I will be using some of these.

These are so great, I am time poor and the thought of spending the little time I have as downtime exercising sucks. This book changes that it gives you powerhouse workouts that are easy to do anytime. I have been doing one in the morning, one at lunch and then two at night. I am doing 20 mins of exercise in 5 min blocks so I hardly notice the time gone.

easy to read and understand and easy to know about getting healthy, losing weight, and living longer. highly recommended
