Brain Games® Sticker By Number: Nature

Synopsis

Keep your brain engaged while creating fun, beautiful art. As in color or paint-by-number, each design is divided into dozens of spaces. Each space has number that corresponds to a sticker. Find the sticker, peel it, and place it in the right space. Watch as a full colored image emerges from the original unfinished illustration. Includes 28 nature images that range from easy to hard. The spiral binding makes it easy to use!

Customer Reviews

Meh. The idea of this was great, just not for me. I did do a few of the pages, but just didn't really do anything for me. However, my 5 year old son LOVES it. He has already done a few of the pages and it keeps him busy for a little while. The book itself is very nice. I like the wire binding; it makes it easy to turn pages. The stickers stick good to the pages. There are 28 images to sticker, all very nice designs. Although, I'm not sure what I'm going to do with the book once all the pages are stickered...so this is going to be a short-lived activity, but I was willing to give it a try. So, this book gets my recommendation, but with reservations...so sticker away and have some sticker fun.

these paint by sticker books are so addicting and relaxing...i don't have to decide what color i want to color and they are easy!!! This book especially has larger stickers for starters.....buy multiple books, you will love!!

VERY RELAXING! The stickers are large enough to place on the spaces. There are just enough spots to fill in so that it doesn't overwhelm you.

Great for gift giving!

AAA+

Excellent. The children love it.

Great variety of pictures, not too simple and not too complex.
