Becoming A Critical Thinker: A User Friendly Manual (6th Edition)

Synopsis

Developing Instinctive Analytical Skills in Students Â Becoming a Critical Thinker: A User Friendly Manual trains students to distinguish high-quality, well-supported arguments from those with little or no evidence to support them.Â Â Â It develops the skills required to effectively evaluate the many claims facing them as citizens, learners, consumers, and human beings, and also to be effective advocates for their beliefs. Â Teaching and Learning Experience Â Â Improve Critical Thinking - Coverage of persuasive speaking, decision-making, the Toulmin model of argumentation, and chapter-end writing and speaking exercisesall teach students to construct and present arguments so that they can gain skill and confidence. Â Engage Students - Becoming a Critical Thinker: A User Friendly Manual exposes students to a variety of contemporary and multicultural issues, engaging their understanding of analytical skills through the use of articles and varied examples. Â Support Instructors - Teaching your course just got easier!Â You can create a Customized Text or use our Instructorâ ™s Manual, Electronic â œMyTestâ • Test Bank or PowerPoint Presentation Slides.Â PLUS, our new Instructorâ ™s Manual has been updated and expanded with revised tests and answer keys, a discussion of chapter exercises, and suggestions for teaching critical thinking concepts. "The organizational scheme is logical. The sequenced chapters are progressively arranged with student learning in mind. At the initial, the author grasps the readerâ ™s attention with the catchy

topics.â•â" Charlene Tuckerson, John F. Kennedy University Â Â â œThe chapter checkup, the key terms with corresponding page numbers, and the chapter highlights at the end of each chapter are quite helpful.â•Â â" Cecilia Moore-Cobb, Pitt Community College Â â œA wide variety of examples and analogies is one of the book's many strengths. Specifically, references to pop culture help students readily identify with the material.â•â"James Bower, Walla Walla Community College

This text with readings develops students' basic critical thinking skills by means of several fresh materials and strategies: an easy progression from familiar, social examples to more complex, political and commercial examples; strong use of graphics; incorporation of multi-cultural examples and readings throughout; and an emphasis on print and electronic media as a way of illustrating the use of critical thinking skills in everyday life. The goal of this text is to train students how to evaluate the claims that responsible citizens, consumers, and social beings confront daily and how to construct and present effective arguments for their own beliefs. --This text refers to an out of print or unavailable edition of this title.

I'm a very curious person. Inquisitive in all fields. I have been looking for a book to help me reason better since it's really the foundation for anything you want to learn. I was incredibly pleased with this book. It's really the best $55 I've spent in a long time.The author really gives you much for your money. He covers everything Logical Fallacies to Social Psychology (Cognitive Dissonance) to Conflict Resolution.I HIGHLY RECOMMEND THIS BOOK to anyone wanting to learn how to think clearly (or clearer).P.S. I AM NOT AFFILIATED WITH THE AUTHOR IN ANY WAY, SHAPE, OR FORM.

Understanding how to think and understand where true growth comes from when using the thought process was clearly outlined in this book. It is definitely an excellent book to learn these things from.

book rental is realky great and help out school kids. Than I you.

This is a easy and fun read. I totally recommend it for students or anyone that are testing on elements of critical thinking.

This text book is very easy to follow and learn from. Made my critical reading class a breeze!

I purchased the book under the impression that it came with an access code for mythinkinglab series i was curious where on the book this was located?

Great book simple reading, very helpful for my class. Pursuits we'll with the Pearson online lab. The interactive aspects are amazing

Besides some wear and tear its perfect! Renting is much cheaper and it dosnt effect ability of assignments. Nice shape!
