This book is brief, but contains a lot of information. It gives you a good template, analysis information, and useful tips. It is a quick read. Unlike other essay books, this one is more like a study guide. The only thing I think it can be more detailed on is the analysis part. Overall I find this book helpful for the purpose of writing the SAT essay.

I am taking the Jan SAT. This book is perfect for me to study during the winter break. The book looks direct and concise. This is what I want with very limited time before the test.

Practice, practice, practice.

It helped me receive a 22/24. He advises practices after reading the book; however, I merely skimmed the book on the day of the exam to see what I needed.

Personally, this book gave me a real insight on what the essay portion will ask of me. The template is very clear and well explained. I really enjoyed this book as it even gave a playful spin on it. Well done.

This book is helpful. I like that it explains everything very clearly and concisely and that it provides a template that is easy to work with.

Looking forward to this book's highly reputed strategies! 4 stars for now!

The book is clear and authentic. It feels as though he is teaching readers one to one so point gets conveyed across very easily. Thanks.
